Rule 808 Clearinghouse Authority

(a) *Treatment of Collateral Generally; Omnibus Accounts:* The Clearinghouse may establish for the benefit of the Clearing Member one or more accounts in the name of the Clearinghouse or its agent for the benefit of such Clearing Member, including as a subaccount of an omnibus account held in the name of the Clearinghouse or its agent for the benefit of Clearing Members, at one or more banks, trust companies or other financial institutions approved or permitted by the Clearinghouse for confirmation, payment, and/or receipt of Collateral, Obligations, fees, and/or other settlements with the Clearinghouse (each, an "Approved Financial Institution"). Each Clearing Member acknowledges and agrees that the Clearinghouse may allocate Clearing Member's Funds, including but not limited to Collateral, among such Approved Financial Institutions in its discretion and may

commingle Clearing Member Funds in an omnibus account, provided that the Clearinghouse maintains records in good faith and the ordinary course of business reflecting each Clearing Member's interest in the Funds in such omnibus account. Each Clearing Member acknowledges and agrees that the Clearinghouse may receive fees or other payments in connection with the placement of Clearing Member Funds at Approved Financial Institutions.

(b) *Cash Collateral at FDIC-Insured Banks:* For any cash Collateral held at an FDIC-insured bank, the Clearinghouse shall maintain in good faith and in the regular course of its business such records as are necessary to satisfy the requirements of 12 CFR § 330.5 concerning the availability of "pass-through" FDIC deposit insurance with respect to Clearing Member funds, including but not limited to Collateral, in such omnibus account, including by indicating on its own records that funds are held for the benefit of customers acting for themselves and others. Clearinghouse shall title such omnibus account on the books and records of the applicable Approved Financial Institution in a manner sufficient to satisfy such requirements for pass-through FDIC deposit insurance. Each Clearing Member also acknowledges and agrees that Clearing Member will not receive interest or other return on funds held through the Clearinghouse and its agents (except as otherwise expressly agreed to between Clearing Member and Clearinghouse).

(c) *Investment and Use of Collateral:* Unless otherwise instructed by a Clearing Member, the Clearinghouse may, in its reasonable discretion, invest or otherwise use Collateral in the following manner. Any proceeds of such investments or uses shall be retained by the Clearinghouse and treated as additional Collateral of the Clearing Member in such Clearing Member's account. The Clearinghouse may charge the Clearing Member reasonable fees for the administration of such investments and uses; the Clearinghouse shall post on the Website the current administration fees.

- (i) *Investment of Cash and Supported Stablecoin Collateral:* The Clearinghouse may invest cash and Supported Stablecoin Collateral deposited by that Clearing Member into a government money market fund, exchange traded fund replicating the performance of short-dated U.S. Treasuries, and short-dated U.S. Treasuries, or any other investments that the Clearinghouse may deem suitable, at its sole discretion. Such investments may be made directly or through repurchase/reverse repurchase agreements.

(e) If at any time the Clearinghouse, in its sole discretion, determines that there is a question as to a Clearing Member's good standing, financial condition or such Clearing Member is in Default, the Clearinghouse may suspend such Clearing Member or take any other action needed to protect the best interests of the other Clearing Members, and/or the Clearinghouse.

Rule 809 Liquidity Events

In the event the Clearinghouse requires additional capital to enable it to promptly meet all of its Obligations to Clearing Members, the Clearinghouse may, without limitation, delay or cancel settlement timeframes, sell any Digital Assets, apply any Collateral or Cross-Margin Collateral, use uncommitted funding arrangements, and/or the Default Fund or committed lines of credit, if any, provided however, the Clearinghouse will not require Clearing Members to contribute additional capital in excess of their existing capital requirements as Clearing Members.

In the event the Clearinghouse is unable to obtain sufficient capital to promptly meet settlement and payment through such means, the Clearinghouse may declare the occurrence of a liquidity event (a "Liquidity Event"). If the Clearinghouse declares a Liquidity Event, it may do any or all of the following: cease clearing and settlement operations and satisfy all open Digital Asset Transactions; calculate Clearing Member Obligations at the time it declares a Liquidity Event; settle all Obligations for which it has capital available; any Obligations that cannot be settled by the Clearinghouse will be allocated based on Applicable Law. If the Clearinghouse declares a Liquidity Event it may take any other reasonable steps it deems necessary to attempt to resolve the Liquidity Event.

Rule 810 Acceptance for Clearing and Settlement

(a) The Clearinghouse will coordinate with the Marketplace and Clearing Members to accept or reject Digital Asset Transactions for clearing and settlement as quickly after notice from the Marketplace as technologically practicable. The Clearinghouse will accept Digital Asset Transactions for clearing and settlement when such Digital Asset Transactions have been received by the Clearing System if the Clearing

Member has clearing arrangements in place, either on behalf of itself or an EDXM Member as indicated on its Clearing Authorization Letter, and has satisfied any applicable risk limits imposed by the Clearing Member, the Marketplace or the Clearinghouse. Subject to the foregoing, the Clearinghouse shall accept for clearing and settlement any Digital Asset Transaction that has been properly submitted by the Marketplace to the Clearinghouse for clearance and settlement, and shall not accept for clearing any Digital Asset Transaction submitted to it by any Person other than the Marketplace. The Clearinghouse may reject for clearing and settlement any Digital Asset Transactions that have not been properly submitted by the Marketplace to the Clearinghouse for clearance and settlement, or, if in the sole discretion of the Clearinghouse, the rejection of a Digital Asset Transaction is in the best interest of the Clearinghouse and/or Clearing Members. All Digital Asset Transactions accepted for clearing and settlement by the Clearinghouse shall be subject to these Rules.

(b) The Clearinghouse, by accepting a Digital Asset Transaction offered to it for clearing and settlement, shall be the principal party to each Digital Asset Transaction and the Clearing Member shall be the other party to each Digital Asset Transaction as principal. A Clearing Member shall have no rights or obligations as against another Clearing Member with respect to any Digital Asset Transaction submitted for clearing and settlement, and shall be a counterparty only to the Clearinghouse.

(c) The Clearinghouse shall be entitled to rely conclusively on the accuracy and authenticity of any information regarding any Digital Asset Transaction submitted to the Clearinghouse by the Marketplace on behalf of a Clearing Member, including the accuracy of a Clearing Authorization Letter, if the Clearing Member, or EDXM Member identified by a Clearing Member on a Clearing Authorization Letter, submitted, caused to be submitted or authorized for submission, or ratified submission of, such Digital Asset Transaction.

Rule 811 Liens Held by the Clearinghouse

The Clearinghouse shall have, and each Clearing Member hereby grants, a first lien and perfected security interest in, and right of setoff against, all Collateral, Cross-Margin Collateral, and other property (including Digital Assets), and all proceeds of any of the foregoing, held in or for the accounts (including Collateral Accounts) of a Clearing Member in connection with the financial obligations of such Clearing Member to the Clearinghouse, however created, arising or evidenced, whether direct or indirect, absolute or contingent, existing, due or to become due. A Clearing Member shall execute any documents required by the Clearinghouse to create, perfect and enforce such lien. The Clearinghouse may assign, pledge, repledge or otherwise create a lien on or security interest in, and enter into repurchase agreements involving any Digital Assets, cash or other assets credited to a Clearing Member, as permitted by Applicable Law.

Each Clearing Member (“You”) agrees that all Digital Assets, cash and other assets credited to your account will be treated as “financial assets” under Article 8 of the Uniform Commercial Code as in effect from time to time in the State of Illinois. The Clearinghouse

is a “securities intermediary” as that term is defined in Article 8 of the Uniform Commercial Code (“UCC”) as enacted in the State of Illinois (“Article 8”) because in the ordinary course of its business it maintains securities accounts for others. The Clearinghouse is acting as a securities intermediary when it holds Digital Assets and cash for its Clearing Members. Although it holds only Digital Assets and cash and not securities, the account the Clearinghouse maintains for you on its books and records is a “securities account” under Article 8, and you are the “entitlement holder” of the securities account under Article 8. The Clearinghouse is obligated by Article 8 to maintain sufficient cash and Digital Assets to satisfy all entitlements of customers of the Clearinghouse to such cash and Digital Assets. Under Article 8, the Digital Assets and cash credited to your account are not general assets of the Clearinghouse and are not available to satisfy claims of general creditors of the Clearinghouse. The treatment of assets credited to your account as financial assets under Article 8 does not determine the characterization or treatment of the cash and Digital Assets under any other law or rule.

Rule 812 Settlement

(a) In the absence of a clerical error, payments of funds or transfer of funds to and from the Clearinghouse, including, but not limited to, intraday and end of day Collateral payments are final and unconditional when effected and cannot be reversed.

(b) Clearing Members must use Approved Financial Institutions approved for use by the Clearinghouse.

(c) Clearing Members must provide sufficient Collateral (inclusive of Cross-Margin Collateral) as set by the Clearinghouse.

(d) Settlement timelines shall be as posted on the Website, from time to time. The Clearinghouse will provide Clearing Members with reasonable prior notice of each material change to settlement timelines by issuing a Policy Circular regarding such material change and amending the Website accordingly prior to its effectiveness.

(e) Clearing Members may initiate withdrawals of funds from the Clearinghouse at any time, which will then be processed during regular Market Hours, with the exception of the Settlement Window.

(f) Settlement Process.

- i. When a Digital Asset Transaction is submitted for clearance and settlement to the Clearinghouse, the Clearinghouse shall record the purchase of Digital Assets and the Obligation to deliver US Dollars (or Supported Stablecoin, as elected by the Clearing Member) in the buying Clearing Member’s Trading Account, and will record the sale of a Digital Asset and the Obligation to receive US Dollars (or Supported Stablecoin, as elected by the Clearing Member) in the selling Clearing

Member's Trading Account. No Obligations will be final until the close of the Settlement Window Completion.

- ii. Following the Settlement Window Start, if a Clearing Member satisfies its Obligations by the Delivery Deadline, the Clearinghouse will move the funds of each Clearing Member to their respective Settled Accounts by the Settlement Window Completion. If a Clearing Member fails to satisfy its Obligations by the Delivery Deadline, the Clearinghouse, at its sole discretion, may restrict credit of any Digital Assets and/or cash to that Clearing Member's Settled Account in connection with the Digital Asset Transaction, and shall retain such Digital Assets and/or cash and may satisfy such Obligations in accordance with Rule 814.
- iii. Once the Settlement Window Completion is reached and all Obligations have been satisfied by the Clearinghouse and Clearing Members, settlement will be final.

Rule 813 Defaults

If any of the following events occurs with respect to a Clearing Member (each, a "Default"), the Clearing Member shall be in Default if the Clearing Member:

- (a) fails to fulfill any financial, settlement or other obligation to the Clearinghouse when due, including, without limitations, satisfying its Obligations in Digital Asset Transactions or the delivery of additional Collateral or other funds, as required by the Clearinghouse;
- (b) presents increased credit or liquidity risk to the Clearinghouse, or whose financial condition, operational capability, or risk management capability otherwise makes it necessary or advisable to call this Clearing Member to be in Default for the protection of the Clearinghouse and its Clearing Members;
- (c) fails to pay when due any amount owing to the Clearinghouse;
- (d) makes a materially false misrepresentation, statement, or omission to the Clearinghouse;
- (e) is Insolvent; or
- (f) Fails to meet, on an ongoing basis, any of the requirements applicable to such Clearing Member in Rules 805, 806, or 807.

If the Clearing Member is in Default, then such Clearing Member, in addition to any other remedy available to the Clearinghouse pursuant to these Rules, at law or equity shall:

- (a) be liable to the Clearinghouse as set forth in Rules 815 and 816;

- (b) be automatically and without further action terminated by the Clearinghouse as a Clearing Member, except that such termination may be temporarily postponed by the Chief Compliance Officer, Chief Risk Officer, or Chief Executive Officer or their designees, if the Officer or designee determines that such termination would not be in the best interests of the Clearinghouse; and
- (c) shall take no action, including but not limited to attempting to obtain a court order, that would interfere with the ability of the Clearinghouse to exercise its rights under the Rules and the Clearing Member User Agreement.

Rule 814 Application of Funds for Clearing Member Default

In the event of a Clearing Member Default, all such Clearing Member's Collateral and (where applicable) Cross-Margin Collateral, and any other assets, entitlements, or Obligations may be drawn upon to cure that Clearing Member's Default along with any other resources available to the Clearinghouse including but not limited to the use of lending facilities.

Rule 815 Liquidation on Termination of Clearing Member

If a Clearing Member is in Default, or ceases to be a Clearing Member, then such Clearing Member shall be prohibited from establishing new settlement Obligations and must timely satisfy all existing Obligations satisfied by the Clearing Member as provided in these Rules. If a Clearing Member fails to timely satisfy its Obligations, the Clearinghouse may take such actions and remedies as provided in these Rules.

Rule 816 Default Fund

The Clearinghouse shall establish and maintain a proprietary Default Fund within the Clearinghouse Proprietary Account, in the amount determined from time to time in the discretion of the Clearinghouse. The Default Fund shall be maintained in US Dollars or other liquid assets free and clear of any claims that would be senior to the Clearinghouse's Obligations to its Clearing Members. The Clearinghouse may, including without limitation, use the Default Fund to obtain Digital Assets, or other assets of the same value, or draw upon the Default Fund, in its sole discretion, as liquidity to assist in the orderly operation of the Clearinghouse. For avoidance of doubt, the Default Fund is established by the Clearinghouse.

Rule 817 Collateral and Liquidations

- (a) The Clearinghouse shall establish minimum Collateral Requirements.

- (b) The Clearinghouse may change Collateral Requirements at any time superseding previous Collateral Requirements based on the Clearing Member's Digital Asset Transactions by providing such Clearing Member reasonable prior notice of such change;
- (c) Failure by a Clearing Member to satisfy its Collateral Requirements will result in decreased limits for Digital Asset Transactions submitted for clearing and settlement by the Clearing Member, and other remedies at the Clearinghouse's disposal including but not limited to terminating a Clearing Member from the Clearinghouse.

Rule 818 Amounts Payable to the Clearinghouse

In the event of a Clearing Member Default, and upon completion of any liquidation, the Clearinghouse shall be entitled on demand to recover from such Clearing Member all amounts due to the Clearinghouse for all losses, liabilities, damages, costs and expenses (including without limitation legal fees and disbursements) incurred by the Clearinghouse in connection with such Default and/or liquidation. The Clearinghouse shall apply such Clearing Member's Collateral and (where applicable) Cross-Margin Collateral), together with any other assets held by, pledged to or otherwise available to the Clearinghouse, including any guarantee, s to discharge the obligations of such Clearing Member to the Clearinghouse (including any amounts, and costs and expenses associated with the liquidation or management of Digital Asset Transactions held in or for the accounts of such Clearing Member, and any fees, assessments or fines imposed by the Clearinghouse on such Clearing Member). The foregoing is in addition to any other remedy available to the Clearinghouse at law or equity.

Rule 819 Clearing Fees

The Clearinghouse shall have the right to offset any fees, charges or other amounts (other than fines or penalties) due to the Clearinghouse against a Clearing Member's Settled Account, or to add fees to any Obligations due to the Clearinghouse, and shall have the right to instruct an Approved Financial Institution, if applicable, to debit the Settled Account maintained by a Clearing Member to offset any amounts due to the Clearinghouse, or to add fees to any Obligations due to the Clearinghouse. All fees schedules shall be posted to the Website, which may be amended from time to time.

CHAPTER 9

Each Clearing Member further agrees to and to cause each of its Affiliates, Authorized Users and other Persons affiliated with any of the foregoing, to keep the Proprietary Information confidential and not to transfer, rent, lease, loan, sell or distribute, directly or indirectly, all or any portion of the Clearinghouse or any Proprietary Information.

(b) Notwithstanding any other provision of this Rule 1001, each Clearing Member retains all rights with respect to data submitted to the Clearinghouse by such Clearing Member and its Authorized Users (the “Clearing Member Data”). Each Clearing Member hereby grants the Clearinghouse a non-exclusive, non-assignable, non-transferable, worldwide, irrevocable license to combine the Clearing Member’s Clearing Member Data with the Clearing Member Data of all other Clearing Members to generate Clearing Data. “Clearing Data” means the aggregated, anonymized data generated by Clearinghouse from Clearing Member Data that has been altered using measures to render such data as de-identified so that it does not reasonably identify, relate to, or describe a particular Clearing Member or Authorized User, or other Person affiliated with either of

the foregoing, and cannot be combined with other information to re-identify a Clearing Member or Authorized User, or other Person affiliated with either of the foregoing.

(c) Subject to the provisions of paragraphs (a) and (b), all Clearing Members, Authorized Users and other Persons affiliated with either of the foregoing hereby acknowledge and agree that the Clearinghouse is the owner of all rights, title and interest in and to all intellectual property and other proprietary rights (including all copyright, patent, trademark or trade secret rights) in Clearing Data, and all derivative works based thereon, and further agree not to distribute, create derivative works based on, or otherwise use or commercially exploit Clearing Data and any such derivative works, provided that Clearing Member, Authorized Users and such other Persons, including Affiliates, may use Clearing Data for their own internal business purposes or as necessary to comply with Applicable Law or any request of a Governmental Authority or Self-Regulatory Organization. Rule 1002 Recording of Communications

As permitted by Applicable Law, the Clearinghouse may record conversations and retain copies of electronic communications between Clearinghouse personnel, on the one hand, and Clearing Member and their Authorized Users, employees, and/or agents, on the other hand. Any such recordings may be retained by the Clearinghouse for a period of at least seven (7) years or in such manner and for such periods of time as required by the Clearinghouse or Applicable Law.

Rule 1003 Confidentiality

The Clearinghouse will maintain the confidentiality of Clearing Member information pursuant to the Clearing Member User Agreement entered into with each Clearing Member, and as required by these Rules. The Clearinghouse will only identify Clearing Members as required by regulations, for operation of the Clearinghouse, in the event it needs to reject a Digital Asset Transaction or adjust a price on a post-transaction basis, or as otherwise permitted in these Rules.

Rule 1004 Force Majeure

Notwithstanding any other provision of the Rules, the Clearinghouse shall not be obligated to perform its obligations under the Rules or any agreement with a Clearing Member, or to compensate any Clearing Member, Authorized User or other Person for losses occasioned by any delay or failure of performance, to the extent a delay or failure of performance is the result of circumstances that the Clearinghouse determines, in its sole discretion, may have an adverse effect upon the functions and facilities of the Clearinghouse, including, but not limited to, acts of God, fire or other natural disasters, inclement weather, embargos, bomb threats, pressure waves, disruption of electricity, pandemics, lockdowns, government-mandated work restrictions, communication outages or delays, acts or threats of terrorism, riots, commotions, strikes, war, invasions, hostilities (whether declared or not), and contaminations.

Rule 1005 Extension or Waiver of Rules

The time frames fixed by these Rules, interpretations or policies of the Clearinghouse for the doing of any act or acts may be extended, or the doing of any act or acts required by these Rules or any interpretations or policies of the Clearinghouse may be waived, and any provision of these Rules or any interpretations or policies of the Clearinghouse may be suspended by the Clearinghouse whenever, in the judgment of the Clearinghouse, such extension, waiver or suspension is necessary and in the best interest of the Clearinghouse and a majority of the Clearing Members. Before the Clearinghouse may implement any such material extension, waiver or suspension, the Clearinghouse must provide Clearing Members with reasonable prior notice of such extension, waiver or suspension by issuing a Policy Circular regarding such extension, waiver or suspension prior to its effectiveness, with such effective period as reasonable under the circumstances. Any such extension, waiver or suspension may continue in effect after the event or events giving rise thereto but shall not continue in effect for more than thirty calendar days after the date thereof unless it shall be approved by the Directors within such period of thirty calendar days. A written report of any such extension, waiver or suspension, stating the pertinent facts and the reasons such extension, waiver or suspension was deemed necessary or in the best interest of the Clearinghouse shall be presented to the Directors of the Clearinghouse.

Rule 1006 Effect of Amendment, Repeal or New Rule

The Clearinghouse may, in its sole discretion, amend or repeal any rule and/or adopt new Rules. Any such amendment or repeal of a Rule or adoption of a new Rule will not be effective until the Clearinghouse provides reasonable prior notice to Clearing Members by issuing a Policy Circular regarding such amendment or repeal of a Rule or adoption of a new Rule and by posting a new version of the Rules on the Clearinghouse Website (the "Effective Date"). Any such amendment, repeal or adoption, as applicable, shall be binding on all Clearing Members, Authorized Users, and other Persons subject to the jurisdiction of the Clearinghouse and all Digital Asset Transactions, as of the Effective Date.

Rule 1007 Signatures

Rather than rely on an original signature, the Clearinghouse may elect to rely on a signature that is transmitted, recorded or stored by any electronic, optical, or similar means (including but not limited to telecopy, imaging, photocopying, electronic mail, electronic data interchange, telegram, or telex) as if it were (and the signature shall be considered and have the same effect as) a valid and binding original.

Rule 1008 Governing Law; Legal Proceedings

(a) The Rules, the Clearing Member User Agreement, and the rights and obligations of the Clearinghouse and Clearing Members under the foregoing (including the creation of security interests in Collateral) shall be governed by, and construed in accordance with, the internal laws of the State of Illinois applicable to contracts executed and performed wholly within the State of Illinois without regard to any provisions of Illinois law that would apply the substantive law of a different jurisdiction.

(b) In connection with the following agreement to arbitrate, the Clearinghouse and each Clearing Member understands that: (i) arbitration is final and binding on the parties; (ii) the parties are waiving their right to seek remedies in court, including the right to jury trial; (iii) pre-arbitration discovery is more limited than and different from court proceedings; and (iv) the panel of arbitrators will typically include a minority of arbitrators who were or are affiliated with the cryptocurrency trading industry. Subject to the preceding disclosures, each party agrees that any controversy arising out of or relating to the Rules or the breach thereof will be resolved and settled by arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association or in accordance with such other rules and procedures as are agreed to by the parties. The arbitration proceeding shall be conducted in Chicago, Illinois, unless otherwise agreed to by the parties. Judgment upon arbitration may be entered in any court, state or federal, having jurisdiction; provided, however, that nothing herein will prevent either party from: (i) petitioning a regulatory body regarding a matter in question over which the regulatory body has administrative jurisdiction; or (ii) pursuing injunctions before any administrative or judicial forum provided that all monetary and other relief is submitted for arbitration.

(c) Any action, suit or proceeding by either the Clearinghouse or a Clearing Member must be brought within two (2) years from the time that a cause of action has accrued, was discovered, or should reasonably have been known in the exercise or reasonable due diligence. Any such action, suit or proceeding shall be brought in the State or Federal courts located within the City of Chicago, Illinois. The Clearinghouse and each Clearing Member, for itself and its Authorized Users, expressly consents to the jurisdiction of any such court, and waives any objection to venue therein. The Clearinghouse and each Clearing Member, for itself and its Authorized Users, waives any right it may have to a trial by jury.
